

<http://www.sbceoportal.org>

The Portal is an educational resource that provides standards-aligned digital resources for teachers and students on demand. The Portal uses the most current digital technology, ensuring that the material can be customized and remain user-friendly. Features include:

- **CaliforniaStreaming** - Educational videos, images, and podcasts on demand via the Internet
- **World Book Encyclopedia** online and **ABC-CLIO** databases
- **Rand McNally** online - maps and atlas
- **Moodle** - online course management system
- **Digital Math** - streaming math instruction/CAHSEE support
- **Digital English** - online language arts support
- **AV catalog** of over 5,000 films searchable on the web via the Portal
- **Student Portal** - resources for students and parents, including streaming educational videos in English and Spanish
- California County Educational Technology Consortium (CCETC) membership with 2,000 titles

*~ Our Goal ~*

*To acquire, catalogue, and promptly deliver high quality instructional materials, electronic media, and services to the students, educators, and families of Santa Barbara County.*
